Item 10. Directors, Executive Officers and Corporate Governance

Directors

Our certificate of incorporation provides for the division of our board into three classes of as nearly equal number of directors as possible. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

The term of each class of directors is three years, with the term for one class expiring each year in rotation. As a result, one class of directors is elected at each annual stockholders meeting for a term of three years, to hold office until their successors are elected and qualified or until their earlier death, removal or resignation.

The following table sets forth information about our directors. The respective age of each individual in the table below is as of January 27, 2017.

<u>NAME</u>	<u>POSITION</u>	<u>CLASS</u>	<u>AGE</u>
James M. Benson*	Director	I	70
Christopher J. Littlefield	Chief Executive Officer, President and Director	I	50
Omar M. Asali	Director	II	46
William P. Melchionni*	Director	II	72
Joseph S. Steinberg	Chairman and Director	II	72
William J. Bawden*	Director	III	70
L. John H. Tweedie	Director	III	71

* Independent director.

Our nominating and corporate governance committee proposes nominees for election to our board and such nominees are reviewed and approved by the entirety of our board. Our nominating and corporate governance committee and our board recommend that each nominee for director be elected at our annual meeting. Under our certificate of incorporation, our board of directors consists of such number of directors as may be determined from time to time by resolution of our board. Any vacancies or newly created directorships may be filled only by the affirmative vote of a majority of our directors then in office, even if less than a quorum, or by a sole remaining director, and the elected person will serve the remainder of the term of the class to which he or she is appointed. Each director will hold office until his or her successor has been duly elected and qualified or until his or her earlier death, resignation or removal.

Our board of directors is led by our non-executive Chairman, Mr. Steinberg. Our board of directors has determined that Messrs. Bawden, Benson and Melchionni are independent within the meaning of the federal securities laws and the New York Stock Exchange (“NYSE”) Rules.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers, and any persons who beneficially own more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Such reporting persons are also required by the SEC's regulations to furnish us with copies of all forms they file with the SEC pursuant to Section 16(a) of the Exchange Act. Based solely on the reports received by us and on the representations of the reporting persons, we believe that the reporting persons have complied with all applicable filing requirements during fiscal 2016.

CORPORATE GOVERNANCE

Controlled Company

As of January 19, 2017, HRG owned approximately 80.5% of our common stock, representing a majority of the voting power of our outstanding common stock. As a result, we are a "controlled company" within the meaning of the NYSE corporate governance standards. Accordingly, we rely on exemptions from certain corporate governance requirements. Specifically, as a controlled company, we are not required to have (1) a majority of independent directors, (2) a nominating and corporate governance committee composed entirely of independent directors or (3) a compensation committee composed entirely of independent directors.

Director Independence

Our board has determined that Messrs. Bawden, Benson and Melchionni are independent directors under NYSE Rules. Under NYSE Rules, no director qualifies as independent unless our board affirmatively determines that the director has no material relationship with our company. Based upon information requested from and provided by each director concerning their background, employment and affiliations, including commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, our board has determined that each of the independent directors named above has no material relationship with our company, nor has any such person entered into any material transactions or arrangements with our company or its subsidiaries, either directly or as a partner, stockholder or officer of an organization that has a relationship with our company, and is therefore independent under NYSE Rules.

Corporate Governance Guidelines and Code of Ethics and Business Conduct

Our board has adopted Corporate Governance Guidelines to assist in the exercise of its responsibilities. These guidelines reflect our board's commitment to monitor the effectiveness of policy and decision making both at our board and management level, with a view to enhancing stockholder value over the long term. The Corporate Governance Guidelines address, among other things, our board and board committee composition and responsibilities, director qualifications standards and selection of the Chairman of the Board and our Chief Executive Officer.

Our board has adopted a Code of Business Conduct and Ethics that applies to directors and all of our employees, including our senior executive and financial officers, which include our principal executive officer, principal financial officer, principal accounting officer, and persons performing similar functions. A copy of the Code of Business Conduct and Ethics is available on our website. We will promptly disclose any future amendments to this code on our website as well as any waivers from this code for executive officers and directors. Copies of this code also are available in print from our corporate secretary upon request. Inquiries should be directed to the Investor Relations Department at Fidelity & Guaranty Life, Two Ruan Center, 601 Locust Street, 14th Floor, Des Moines, IA 50309.

Board and Committee Meetings

The board held a total of 12 meetings during fiscal 2016. Other standing committees of our board consist of an audit committee, a compensation committee and a nominating and corporate governance committee. The audit, compensation and nominating and corporate governance committees held eight, three and two meetings, respectively, during fiscal 2016. The board and the directors recognize the importance of director attendance at board and committee meetings. Attendance at board and committee meetings was at least 75% for each director. The company does not have a formal policy regarding the attendance of directors at annual meetings of stockholders, but we strongly encourage all of our directors to attend.

Meetings of Independent Directors

We generally hold executive sessions at each board and committee meeting. The Chairman of the Board presides over executive sessions of the entire board and the chairman of each committee presides over the executive session of that committee.

Board Structure and Risk Oversight

Mr. Steinberg serves as the Chairman of the Board and Mr. Littlefield serves as our Chief Executive Officer. The board has no policy with respect to the separation of the offices of Chairman and Chief Executive Officer. The board believes it is important to retain the flexibility to allocate the responsibilities of the offices of the Chairman and Chief Executive Officer in any way that is in the best interests of our company at a given point in time. Our board believes that we benefit from this structure and, based upon the extensive experience of each such individual, Mr. Steinberg's continuation as our Chairman and Mr. Littlefield's continuation as our Chief Executive Officer is in the best interests of our stockholders.

Item 11. Executive Compensation

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This compensation discussion and analysis provides an overview and analysis of our executive compensation program, including a discussion of our compensation philosophy. The discussion below is intended to help provide an understanding of the detailed information in the compensation tables and related narrative disclosure below. We discuss the material elements of our compensation program and the material factors considered by the compensation committee in making compensation decisions. Our analysis focuses on the compensation of the following individuals, who are our named executive officers (“NEOs”), as defined by SEC regulations:

<u>Officer</u>	<u>Position</u>
Christopher J. Littlefield	President, Chief Executive Officer and Director
Rajesh Krishnan	Executive Vice President and Chief Investment Officer
Eric L. Marhoun	Executive Vice President, General Counsel and Secretary
Dennis R. Vigneau	Executive Vice President and Chief Financial Officer
John P. O’Shaughnessy*	Senior Vice President, Business Development

*Effective October 1, 2016, John O’Shaughnessy, formerly our Senior Vice President and Chief Actuary, was named Senior Vice President, Business Development focusing on International Markets in connection with John Currier being named Senior Vice President and Chief Actuary.

Philosophy and Objectives

Our compensation programs are based on the following objectives:

- Attract and retain highly qualified executives and employees;
- Align our incentives with stockholder interests;
- Drive performance and results; and
- Support our culture.

To meet these objectives, our compensation programs include:

- Base salary;
- Short-term cash incentives;
- Long-term equity incentives;
- Opportunities for career development; and
- Competitive benefits.

Market and industry practices are taken into account when developing compensation programs. Third-party market industry surveys and compensation data from other public companies are utilized when reviewing compensation. We consider our peer group to be companies in our industry that are similar in size to us, that have business models similar to ours and that compete with us for customers, labor and capital.

Our goal is to align total compensation to the competitive market within our peer group while being mindful of internal equity. Salaries are reviewed annually in a process correlated to our performance management program and a competitive base salary market review. Incentives are the primary motivators to achieve business goals and strong business or individual performance can result in above-market incentives.

Process

Our Compensation Committee. Our compensation committee is responsible for reviewing and approving the compensation and benefits strategy for our employees, including our NEOs, authorizing and ratifying equity grants and other incentive arrangements, and authorizing employment and related agreements. The compensation committee has the full authority of the board of directors to make compensation decisions relating to our NEOs.

Role of Executive Officers. Although our compensation committee has the authority to make final decisions with respect to executive compensation, our Senior Vice President, Human Resources in partnership with our Chief Executive Officer, drive the design and implementation of all executive compensation programs. The goal is to ensure that the design of our compensation programs supports our overall strategy. Except for his own compensation, the Chief Executive Officer has final management-level review of any compensation program or individual element of compensation for our NEOs before they are reviewed by the compensation committee. The Chief Executive Officer and our other NEOs do not participate in discussions regarding their own compensation.

Review and Assessment of Compensation Policies. Prior to establishing our executive compensation program for fiscal 2016, the compensation committee and our management reviewed our executive compensation policies and practices. The compensation committee also conducts on-going assessments of our compensation structure. The committee retained Fred W. Cook & Co. (“Cook”) to serve as our executive compensation consultant and to assist and advise the compensation committee in connection with executive compensation policies and practices. Cook reviewed the structure and mechanics of the various components of our executive compensation programs and practices. In order to obtain a complete view of the competitive market for talent, Cook considered data from publicly available peer company proxy statements, and, as a secondary view of the market, considered data from published survey sources, which includes industry peers from privately held and publicly traded organizations. In particular, Cook analyzed two key elements: pay magnitude and pay practices. Pay magnitude relates to overall base pay delivery, base salaries, annual and long-term incentive targets and payouts. Pay practices is the assessment of the design attributes of other organizations’ incentive plans that provide perspectives on performance measurement, the mix of long-term incentive vehicles, vesting and stockholding requirements.

Cook completed an assessment indicating that the current compensation structure is sound and well-balanced, and demonstrated alignment between company performance and executive compensation.

Survey Comparison Data. In order to provide peer comparison data, Cook utilizes survey data from multiple sources. The primary survey source is LOMA. A secondary source used was Towers Watson where appropriate matches were not found for specific roles in the LOMA data. Cook utilizes a comparison of peer data of same or similar size assets under management in the category of \$4 billion to \$10 billion in assets. There are 22 companies that have participated in this LOMA survey including:

- American Family Insurance
- Modern Woodmen of America
- Ameritas Life Insurance Corp.
- Mutual of Omaha
- CNO Financial Group, Inc.
- National Life Group
- COUNTRY Financial
- Ohio National Financial Services
- CUNA Mutual Group
- OneAmerica Financial Partners
- Delaware Life

- Phoenix Companies
- Erie Insurance Group
- Southern Farm Bureau Life Insurance Company
- FBL Financial Group, Inc.
- Symetra
- Fidelity & Guaranty Life
- The Standard (StanCorp Financial Group)
- Foresters Financial
- Woodmen of the World Life
- Hannover Life Reassurance Co. of America
- Zurich North America

Elements of Our Executive Compensation Program

For fiscal 2016, the compensation program for our NEOs consisted of the following key elements:

- Base salary;
- Short-term incentive compensation;
- Long-term incentive compensation; and
- Benefits and perquisites.

Each of these elements is considered critical to our executive compensation program. Set forth below is a discussion of each element of compensation, the rationale for each element, and how each element fits into our overall compensation philosophy.

Base Salary. We provide a base salary to our NEOs to compensate them for their services rendered on a day-to-day basis during the year. Base salaries are set to attract and retain executives with qualities necessary to ensure our short-term and long-term financial success. We strive to set base salary levels that are competitive to the salaries of executives in similar positions with similar responsibilities at comparable companies. We target our base salaries to be competitive with our market relative to comparable companies. The determination of a NEO’s base salary is based on market compensation rates and individual factors, including personal performance and contribution, experience in the role, scope of responsibility and overall impact on the business. The base salaries of our NEOs are reviewed annually and adjusted when necessary to reflect market conditions as well as individual roles and performance.

The table below shows base salaries for fiscal 2016, which were the same as those reported for fiscal 2015.

Name	Fiscal 2016 Base Salary
Christopher J. Littlefield	\$ 800,000
Rajesh Krishnan	\$ 350,000
Eric L. Marhoun	\$ 350,000
Dennis R. Vigneau	\$ 440,000
John P. O’Shaughnessy	\$ 325,000

Short-Term Incentives. In order to promote our “pay for performance” culture, we pay annual cash incentives to our NEOs for achieving performance targets that support our corporate goals. The Chief Executive Officer and our executive team develop an annual business plan that includes objectives for the next year to drive short- and long-term business performance. The compensation committee reviews these objectives and establishes

performance targets. Performance against plan objectives are reviewed and approved by the compensation committee to establish the bonus pool for each performance period. Short-term incentive payouts require that minimum targets be satisfied and allow for recognition of individual performance and contribution toward those goals.

Effective January 1, 2014, our Employee Incentive Compensation Plan (the “EICP”), an annual cash-based bonus plan, was amended and restated, and will continue to be used for awards not intended to qualify as “performance-based compensation” under Section 162(m). Also effective January 1, 2014, the company established the 162(m) Plan for cash awards intended to qualify as performance-based compensation. The 162(m) Plan was created to attract and retain the best available executive officers to be responsible for the management, growth, and success of the company’s business and to provide an incentive for such individuals to exert their best efforts on behalf of the company and its stockholders.

EICP

For fiscal 2016, the EICP included a corporate performance component and an individual performance component, each weighted at 50%. The corporate performance component of the EICP included the following metrics:

2016 Objectives	Weighting
Achieve the Financial Plan	60%
Corporate Initiatives, consisting of:	40%
Completing Merger & Acquisition Activity	
Growth & Digital Strategy	
Executing on our Third Party Administration Strategy	
Capital Management	
Enterprise Risk Management	
Weighting Total	100%

The compensation committee approved the percentage of base salary paid for performance at the target levels depicted below. If a minimum performance measure is satisfied, depending on actual performance, bonus payments under the EICP could range from 50% to 150% of target. As a result of the corporate performance against our goals for fiscal 2016, the bonus pool for determining individual executive incentive awards was 132.1% of target. The awards were paid in December 2016.

Name	2016 Target Bonus (% of Base Salary Earnings)	Actual Bonus Earned (% of Base Salary Earnings)
Christopher J. Littlefield ⁽¹⁾	N/A	N/A
Rajesh Krishnan ⁽¹⁾	N/A	N/A
Eric L. Marhoun ⁽¹⁾	N/A	N/A
Dennis R. Vigneau	50%	75%
John P. O’Shaughnessy ⁽¹⁾	N/A	N/A

⁽¹⁾ Messrs. Littlefield, Krishnan, Marhoun and O’Shaughnessy are participants in our 162(m) Plan.

162(m) Plan

The compensation committee, in its sole discretion, has the authority to select the officers (including officers who are directors) that participate in the 162(m) Plan, to establish the performance goals, and to determine the amounts of incentive compensation bonus payable to any participant. Awards will be paid to a participant as a result of the satisfaction of performance goals in each performance period, which may consist of one or more fiscal years designated by the compensation committee in which a performance goal must be satisfied in order for the award or a portion thereof to be payable. Prior to each performance period, the compensation committee will establish a performance goal or goals for each participant and the payout formula for purposes of determining the award payable to such participant upon the attainment of the performance goal. At the time the performance goals are approved by the compensation committee, their outcome must be substantially uncertain. Neither the performance goals nor the payout formula may be changed following their establishment, except that the compensation committee has the authority to adjust such goals and formulas during a performance period for such reasons as it deems equitable to the extent permitted while still satisfying the requirements for qualified performance based compensation under Section 162(m).

The performance goals for fiscal 2016 approved by the compensation committee included the following measures:

- Sales
- New Business Internal Rate of Return
- After-Tax Adjusted Operating Income
- Risk-Based Capital

For fiscal 2016, the target percentages of base salary to be paid for performance are as depicted in the table below.

<u>Name</u>	<u>2016 Target Bonus (% of Base Salary Earnings)</u>	<u>Actual Bonus Earned (% of Base Salary Earnings)</u>
Christopher J. Littlefield	150%	150%
Rajesh Krishnan	75%	75%
Eric L. Marhoun	75%	62%
Dennis R. Vigneau ⁽¹⁾	N/A	N/A
John P. O'Shaughnessy	60%	54%

⁽¹⁾ Mr. Vigneau, our Chief Financial Officer, is not a Covered Employee for Section 162(m) purposes and therefore instead participates instead in our EICP.

The compensation committee approved the performance of the 162(m) Plan metrics at 127%. Incentive payments under the 162(m) Plan were made in December 2016.

Long-Term Incentives. We believe that equity-based awards link compensation levels with performance results and ensure sustained alignment with stockholder interests. Additionally, we believe equity awards provide an important retention tool for our NEOs, because the awards are subject to multi-year vesting. In furtherance of these objectives, we grant equity-based awards, including stock options, restricted stock and performance restricted stock units ("Performance RSUs") to our NEOs and other employees.

The target long-term incentive awards are based on a percentage of base salary as well as the number of options or shares offered to be granted. This target is based on the executive's position and level in the organization. For our NEOs, the targets are as follows:

<u>Position Title</u>	<u>Long-Term Incentive Award (% of Base Salary)</u>
Chief Executive Officer	100%
Executive Vice President	50%
Senior Vice President	40%

Options and Restricted Shares

In fiscal 2014 and 2015, our compensation committee approved grants of options and restricted shares to our NEOs. For fiscal 2016, this practice was suspended with respect to all NEOs except for Mr. Littlefield in light of our entry into the Agreement and Plan of Merger by and among Anbang Insurance Group Co., LTD., AB Infinity Holding, Inc., AB Merger Sub, Inc. and Fidelity & Guaranty Life dated November 8, 2015 (the "Merger Agreement") and the restrictions contained therein. For fiscal 2016, the compensation committee approved grants to Mr. Littlefield of 26,406 shares of restricted stock and 118,809 options. The restricted stock and the options granted to Mr. Littlefield vest in three equal annual installments on December 1, 2016, 2017 and 2018 subject to continued employment through such dates.

Performance RSUs

In fiscal 2014, our compensation committee approved a grant of Performance RSUs under the Omnibus Plan to all of our NEOs, except for Mr. Littlefield. In fiscal 2015, in connection with Mr. Littlefield's appointment as our President, our compensation committee approved a grant to Mr. Littlefield of Performance RSUs. We granted the Performance RSUs to further incentivize our NEOs to increase stockholder value and to align the compensation of our NEOs with the long-term growth and profitability of our company. In addition, the Performance RSUs have retentive value, because our NEOs were required to remain employed by us in order to realize the value of the awards at the end of the two-year performance period for Mr. Littlefield and the three-year period for all other NEOs. The agreements governing the Performance RSUs contain a performance period and performance metrics, which include a minimum threshold target, and stretch goals and maximum earnings for two key metrics, annual operating income and return on equity ("ROE"). For Mr. Littlefield, the performance period was from October 1, 2014 through September 30, 2016, and, for our other NEOs, the performance period was from October 1, 2013 through September 30, 2016. The payout percentage for reaching these achievement levels are as follows:

<u>Achievement Level Against Target</u>	<u>Payout Percentage</u>
Minimum	50%
Target	100%
Stretch	175%
Maximum	200%

Following the end of the performance period on September 30, 2016, the performance measures were evaluated by the independent sub-committee of our compensation committee. The sub-committee determined the extent to which the performance measures were met following the end of the performance period, and the number of Performance RSUs earned and vested. Performance RSUs were not deemed to have been earned until the sub-committee completed its determination and certified that the performance measures had been attained, and if a NEO had terminated employment with us for any reason prior to September 30, 2016, they would have forfeited all of the Performance RSUs.

With respect to Mr. Littlefield's Performance RSUs, for each of the two years in the performance period, the number of Performance RSUs as of the grant date was multiplied by 50%, multiplied by the applicable percentage based on attained annual operating income and ROE, which was credited to Mr. Littlefield's account. At the end of the two-year performance period, the number of Performance RSUs in Mr. Littlefield's account were adjusted so that the total number of Performance RSUs were determined as the sum of the following:

<u>Fiscal Year</u>	<u>Percentage of Credited – Performance RSUs based on Annual Operating Income</u>	<u>Percentage of Credited – Performance RSUs based on ROE</u>	<u>Percentage of Credited – Performance RSUs – Each Year</u>
2015	50%	50%	50%
2016	50%	50%	50%

With respect to the Performance RSUs for all NEOs other than Mr. Littlefield, for each of the three years in the performance period, the number of Performance RSUs as of the grant date was multiplied by 33 1/3%, multiplied by the applicable percentage based on attained annual operating income and ROE, which were credited to each NEO's account. At the end of the three-year performance period, the number of Performance RSUs in each NEO's account were adjusted so that the total number of Performance RSUs were determined as the sum of the following:

<u>Fiscal Year</u>	<u>Percentage of Credited – Performance RSUs based on Annual Operating Income</u>	<u>Percentage of Credited – Performance RSUs based on ROE</u>	<u>Percentage of Credited – Performance RSUs – Each Year</u>
2014	50%	50%	33 1/3%
2015	50%	50%	33 1/3%
2016	50%	50%	33 1/3%

For fiscal 2014-2016, the independent sub-committee approved the following achievement against target:

<u>Fiscal Year</u>	<u>Annual Operating Income Percentage Achieved</u>	<u>Return on Equity (ROE) Percentage Achieved</u>	<u>Total Combined</u>
2014	87.1%	162.1%	124.6%
2015	118.0%	100.0%	109.0%
2016	160.0%	132.0%	146.0%

Based on the performance over the applicable performance period and the target opportunity granted, the number of Performance RSUs earned by our NEOs, which were settled in cash, was as follows:

<u>Executive</u>	<u>Performance RSUs Granted</u>	<u>Actual # of Performance RSUs Earned</u>	<u>Cash Settlement</u>
Christopher J. Littlefield	32,036	40,846	\$951,712
Rajesh Krishnan	72,150	91,294	\$2,127,150
Eric L. Marhoun	72,150	91,294	\$2,127,150
Dennis R. Vigneau	72,150	91,294	\$2,127,150
John O'Shaughnessy	72,150	91,294	\$2,127,150

Benefits and Perquisites. Our NEOs are eligible to participate in our tax-qualified 401(k) defined contribution plan and our health and welfare plans on the same basis as our other salaried employees. Our NEOs also participate in a limited number of perquisite programs.

401(k) Plan. Under the 401(k) Plan, our company will match 100% of a participant's contributions up to five percent of compensation, subject to the limits specified in the Internal Revenue Code (the "Code"). For years prior to calendar year 2013, the employer match vests ratably over three years of employment. Effective January 1, 2013, the employer match vests immediately. The 401(k) plan also allows for annual discretionary profit sharing contributions, which historically have been 2% of earnings, subject to limits under the Code. Any profit sharing contributions are immediately vested.

Nonqualified Deferred Compensation Arrangements. We permit our NEOs to defer on an elective basis a specified portion of their base salaries and performance-based bonus compensation, if any. See the narrative description following the table entitled "Nonqualified Deferred Compensation" below for more information surrounding the terms of the nonqualified deferred compensation plan.

Health and Welfare Benefits. We also offer a package of insurance benefits to all salaried employees, including our NEOs, including health, vision and dental insurance, basic life insurance, accidental death and dismemberment insurance and short- and long-term disability insurance.

Limited Executive Perquisites. All of our NEOs are eligible to participate in the Executive Life Insurance Plan. Under this plan, the beneficiary of a participant who dies while employed by us is entitled to a lump sum payment equal to three times his annual base salary at the time of hire. Our NEOs are also offered executive physicals at our cost once biannually. The value of these executive perquisites is reflected in the "All Other Compensation" column of the Summary Compensation Table below.

We maintain no defined benefit pension plans or retiree medical plans.

Employment Agreements

We believe that having employment agreements with our NEOs is beneficial to us because it provides retentive value, subjects the executives to key restrictive covenants, and generally provides us with a competitive advantage in the recruiting process over a company that does not offer employment agreements. In October 2014, we entered into an employment agreement with Mr. Littlefield, and, in connection with Mr. Littlefield's assumption of the role of Chief Executive Officer, we amended and restated his employment agreement in May 2015. In November 2013, we entered into amended and restated employment agreements with Messrs. Krishnan and O'Shaughnessy, and new employment agreements with Mr. Marhoun and Ms. Young. In January 2014, we entered into an employment agreement with Mr. Vigneau. These employment agreements include the specific terms set forth in greater detail below in " – Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table."

Stock Ownership Guidelines

During fiscal 2014, the compensation committee approved stock ownership guidelines that require certain of our executive officers to acquire and retain a minimum number of shares of our common stock. The purpose of the guidelines is to align the interests of the executive officers with the interests of our stockholders and to promote our commitment to sound corporate governance. Under the guidelines, executive officers have three years to accumulate the minimum holding amount, which is a multiple of base salary, as follows:

Participant	Multiple of Base Salary
Chief Executive Officer	4x
President	2x
Executive Vice President	2x
Chief Actuary	1x
Chief Distribution Officer	1x
Chief Financial Officer	1x
Chief Risk Officer	1x

Participants are required to maintain the minimum holding amount so long as they serve in an executive position covered by the guidelines. Shares of common stock that count toward the minimum holding amount include:

- shares owned outright by the participant or his or her immediate family members residing in the same household,
- shares of restricted stock, whether vested or not,
- shares earned as part of a Performance RSU under a plan that pays out in shares,
- shares acquired upon option exercises, and
- other shares granted under the Omnibus Plan or similar equity award plan.

The compensation committee may, in its discretion, amend, waive or suspend the guidelines to take into account changes in our common stock, our compensation philosophy, or other factors it deems relevant.

Impact of Tax Considerations

With respect to taxes, Section 162(m) imposes a \$1 million limit on the deduction that a company may claim in any tax year with respect to compensation paid to any Covered Employee, unless certain conditions are satisfied. Certain types of performance-based compensation are generally exempted from the \$1 million limit. Performance-based compensation can include income from stock options, performance-based restricted stock, and certain formula-driven compensation that meets the requirements of Section 162(m). One of the factors that we may consider in structuring the compensation for our NEOs is the deductibility of such compensation under Section 162(m), to the extent applicable. However, this is not the driving or most influential factor. Our compensation committee may approve non-deductible compensation arrangements after taking into account several factors, including our ability to utilize deductions based on projected taxable income, and specifically reserves the right to do so.

Relationship of Compensation Policies and Practices to Risk Management

The company believes that its compensation policies and practices are designed to promote a strong risk management culture. We have reviewed the company's compensation programs, policies and practices for employees and have determined that those programs, policies and practices do not encourage excessive risk taking and are not reasonably likely to have a material adverse effect on the company.

- Represents the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Clarification ("FASB ASC") Topic 718. Information on the assumptions used to calculate the value of awards is set forth in Note 10 to the consolidated financial statements in our Original 10-K, which is incorporated by reference herein.
- The amounts reported in this column represent the sum of the aggregate grant date fair value of restricted stock and Performance RSUs. For fiscal 2015, only Mr. Littlefield received Performance RSUs; all other NEOs received Performance RSUs in fiscal 2014. In connection with the outstanding Performance RSUs, if the highest achievement level against target were attained, the amount reported for Mr. Littlefield for fiscal 2015 would have increased by \$675,000, and the amounts reported for fiscal 2014 for Messrs. Krishnan, Marhoun, O'Shaughnessy and Vigneau would have increased by \$1,226,550. Following the performance period, which ended in fiscal 2016 for all Performance RSUs, the compensation committee certified performance of 124.6%, 109.0% and 146.0% relative to target for fiscal 2014, 2015 and 2016 respectively. Accordingly, Messrs. Littlefield, Krishnan, Marhoun, O'Shaughnessy and Vigneau received cash payouts of \$951,712, \$2,127,150, \$2,127,150, \$2,127,150 and \$2,127,150 respectively. For more detail about the potential payouts of the Performance RSUs, see the discussion within the "Compensation Discussion and Analysis" under the heading "Performance RSUs."
- The amounts reported for fiscal 2016 in this column reflect the amounts paid out under the 162(m) Plan for all of our NEOs, except for Mr. Vigneau, and the amount paid out for Mr. Vigneau under the EICP.
- Mr. Vigneau commenced his employment with the company on January 27, 2014.
- Mr. O'Shaughnessy was our Senior Vice President and Chief Actuary during fiscal 2014-2016. On October 1, 2016, he was appointed to the position of Senior Vice President, Business Development.

Employment Agreements with Named Executive Officers

Employment Agreement with Christopher J. Littlefield

On May 6, 2015, we entered into an amended and restated employment agreement with Mr. Littlefield, which is referred to herein as the “amended employment agreement.” The amended employment agreement provides for a term through September 30, 2016, subject to automatic renewal each year for an additional one-year period unless either party provides prior written notice of non-renewal. Pursuant to the amended employment agreement, Mr. Littlefield’s annual base salary was increased from \$500,000 to \$800,000. For fiscal 2016, Mr. Littlefield was eligible for a target bonus opportunity of \$625,000, and each year thereafter will be eligible for a target bonus opportunity of 100% of his base salary, although actual bonus levels may be more or less than the target based on company and individual performance. On May 11, 2015, pursuant to the terms of the amended employment agreement, Mr. Littlefield received equity grants of 27,033 shares of restricted stock and 24,084 stock options, each of which will vest in equal annual installments on the first three anniversaries of February 1, 2015. Pursuant to the terms of the amended employment agreement, on December 1, 2015, the company granted to Mr. Littlefield restricted stock with a grant date fair market value of \$680,000 and stock options with a grant date fair market value of \$120,000. In annual grant cycles following December 1, 2015, Mr. Littlefield will be eligible for an equity award target grant opportunity equal to 100% of his base salary, although actual grant levels may be more or less than the target based on company and individual performance. The December 1, 2015 grant will vest in equal installments over the first three anniversaries of the date of grant.

Under the amended employment agreement, we may terminate Mr. Littlefield’s employment at any time for “cause” and with two weeks’ written notice without “cause.” Mr. Littlefield may terminate his employment with 60 days written notice. Upon a termination by the company for “cause” or by Mr. Littlefield without “good reason,” Mr. Littlefield will be entitled to salary, accrued vacation time and any earned and unpaid bonuses through the termination date (the “Accrued Obligations”). Upon a termination by the company other than for “cause” or by Mr. Littlefield with “good reason” other than six months prior to or 18 months following a “change in control” (as defined in the Omnibus Plan), Mr. Littlefield will be entitled to receive: (i) the Accrued Obligations; (ii) a pro-rated portion of his target annual cash bonus for the year of termination, based on the number of days elapsed in the performance period prior to the date of termination and payable in a lump sum by January 31 of the year following the year of termination; and (iii) continued base salary and target bonus for twelve months.

Mr. Littlefield’s amended employment agreement provides that if, within six months prior to or 18 months following a change in control, he is terminated for “cause” or resigns with “good reason,” then he will be eligible to receive: (i) the Accrued Obligations; (ii) a pro-rated portion of his target annual cash bonus for the year of termination, based on the number of days elapsed in the performance period prior to the date of termination and payable in a lump sum by January 31 of the year following the year of termination; and (iii) an amount equal to the sum of two times his annual base salary and two times his target annual cash bonus, payable over 12 months following the date of termination.

Mr. Littlefield’s amended employment agreement further provides that if payments made to him, whether under his employment agreement or otherwise, would be subject to the excise tax imposed on “parachute payments” in accordance with Section 280G of the Code, then those payments will be reduced to the extent necessary such that no portion of the payments is subject to the excise tax, but only if the net amount of such payments, as so reduced, is greater than or equal to the net amount of such payments without such reduction.

Mr. Littlefield’s amended employment agreement generally defines “good reason” as (i) a material diminution in title, responsibilities or authorities; (ii) an assignment of duties that are materially inconsistent with his duties as the President and Chief Executive Officer of the company; (iii) any change in the reporting structure such

that he no longer reports to the company's Board; (iv) a relocation of his principal office or principal place of employment to a location that is outside the Des Moines, Iowa area; (v) a breach by the company of any material terms of the employment agreement; (vi) the company's non-renewal of the employment agreement; or (vii) the failure of the company to obtain the assumption (in writing or by operation of law) of its obligations under the employment agreement by any successor to all or substantially all of its business or assets upon consummation of any merger, consolidation, sale, liquidation, dissolution or similar transaction.

Mr. Littlefield's amended employment agreement generally defines "cause" as (i) his conviction of, indictment for, or entering a plea of nolo contendere to, any felony or any other act involving fraud, theft, misappropriation, dishonesty, or embezzlement; (ii) his commission of intentional and willful acts of misconduct that materially impair the goodwill or business of the company or causing material damage to its or their property, goodwill, or business; (iii) his willful refusal to, or willful failure to, perform in any material respect the duties under the employment agreement; or (iv) his being barred or prohibited from serving in the insurance industry or serving as an officer of the company.

Following any termination of employment, Mr. Littlefield will be subject to a 12-month non-solicitation covenant related to clients and independent marketing organizations of the company; a 12-month non-competition covenant; and an 18-month non-solicitation of employees covenant.

Employment Agreements with Messrs. Krishnan, O'Shaughnessy, Marhoun and Vigneau

In November 2013, we entered into an amended and restated employment agreement with each of Messrs. Krishnan and O'Shaughnessy. In addition, in November 2013, we entered into a new employment agreement with Mr. Marhoun. In January 2014, we entered into a new employment agreement with Mr. Vigneau. Entry into the amended and restated and new employment agreements was approved by our compensation committee in November 2013. Mr. Vigneau's employment agreement was approved by our compensation committee in January 2014. The amended and restated employment agreements with each of Messrs. Krishnan and O'Shaughnessy and the new employment agreements with Messrs. Vigneau and Marhoun are referred to herein together as the "employment agreements."

The employment agreements do not have a fixed term and provide for compensation and benefits at our sole discretion. Under the employment agreements, we may terminate the executive's employment for "cause" at any time. Either we or the executive may terminate the executive's employment (other than in cases of cause, death or disability) by giving the other party three months' written notice. In the event that either party provides notice, for the duration of the three-month notice period, the executive will continue to receive the base salary that he received immediately prior to the notice and will continue to be eligible for benefits. Except as provided below, the executive will not be eligible for any bonus (either in full or pro rata) otherwise payable after the date on which notice is given, nor be eligible for any benefits after the termination date. Upon a termination of employment, the executive will have the right to elect continuation coverage under the Consolidated Omnibus Budget Reconciliation Act ("COBRA") at his expense.

Under any termination, the executive will be entitled to salary, accrued and unused vacation time and accrued benefits through the termination date. Upon a termination by us other than for "cause," provided the executive signs and delivers, and does not revoke, a general release in a form acceptable to us, the executive will be entitled to receive the following severance benefits in a lump sum following the expiration of any revocation period in the release agreement: (i) severance payment equal to two weeks of base salary for every year of employment (counting service to the predecessor entity and its affiliates), subject to a minimum payment of, for Messrs. Vigneau, Krishnan, Marhoun and O'Shaughnessy, 26 weeks' and a maximum payment of 52 weeks' base salary; and (ii) if the executive properly elects COBRA coverage, we will make payments to the insurance provider equal to the amount due for the executive's COBRA coverage payments for a period of time equal to the number of weeks of severance payments (or, if sooner, until the executive is eligible to receive health benefits under another medical plan).

Upon a termination for disability, the executive will receive a pro rata bonus for the period when the executive was performing his or her regular duties on a full-time basis. Upon the executive's death, the executive's estate shall be eligible to receive the executive's bonus, if any, for the period up through the executive's death (and in the event the executive's death is prior to the end of a compensation year, the bonus will be prorated).

The employment agreements generally define “cause” as (i) the executive’s breach of his obligations under the employment agreement; (ii) the executive’s failure to perform duties assigned to him in a manner satisfactory to the company; (iii) the executive’s engagement in acts of dishonesty or moral turpitude, or any unlawful conduct; or (iv) the executive’s engagement in conduct that is likely to affect adversely the company’s business or reputation.

Under the employment agreements, during the executive’s employment and for 18 months following any termination of employment, the executive is subject to a non-solicitation covenant related to clients and employees. In addition, during employment and for six months following any termination of employment, each executive is subject to a non-competition restrictive covenant under the employment agreements.

Named Executive Officer Retention Agreements

On July 10, 2015, we entered into retention award agreements with Messrs. Krishnan, Marhoun, Vigneau and O’Shaughnessy. Mr. Littlefield is not a party to a retention award agreement. The retention award agreements provide that each of Messrs. Krishnan, Marhoun, Vigneau and O’Shaughnessy will receive an amount equal to his annual base salary in effect as of date of the agreement on the earlier to occur of (i) the first anniversary of the completion of a change in control transaction, assuming continued employment with the surviving entity or its subsidiaries through such date, or (ii) the date upon which such NEO is terminated without “cause” or resigns following the elimination of his or her position and is not offered “comparable employment” within 12 months following a change in control, as determined under the Fidelity & Guaranty Life 2015 Severance Plan (the “Severance Plan”). For a description of the Severance Plan, see “Potential Payments on Termination or Change in Control – 2015 Severance Plan.”

Merger Agreement

On November 9, 2015, the company announced that it had entered into an Agreement and Plan of Merger, (the “Merger Agreement”) by and among the company, Anbang Insurance Group Co., Ltd. (“Anbang”), a joint-stock insurance company established in the People’s Republic of China, AB Infinity Holding, Inc., a Delaware corporation and a wholly owned subsidiary of Anbang (“Parent”), and AB Merger Sub, Inc., a Delaware corporation and a newly formed, wholly owned subsidiary of Parent (“Merger Sub”). Pursuant to the Merger Agreement and subject to the terms and conditions set forth therein, Merger Sub will merge with and into the company (the “Merger”), with the company continuing as the surviving entity, which will become a direct, wholly owned subsidiary of Parent and an indirect, wholly owned subsidiary of Anbang. Pursuant to the Merger Agreement, either Parent or the Company could have terminated the agreement if the closing of the Merger had not occurred prior to November 7, 2016 (the “Outside Termination Date”).

On November 3, 2016, the Company, Anbang, Parent and Merger Sub amended the Merger Agreement by extending the Outside Termination Date from November 7, 2016 to February 8, 2017. Accordingly, either Parent or the Company may terminate the Merger Agreement if the closing of the Merger does not occur prior to February 8, 2017.

The Merger Agreement provides that at the effective time of the Merger, each (i) option, (ii) restricted share and (iii) Performance RSU, in each case whether vested or unvested, will become fully vested and automatically converted into the right to receive a cash payment equal to the product of (1) the number of shares subject to the award (for Performance RSUs, determined at the target performance level) multiplied by (2) the merger consideration (less the exercise price per share in the case of options). In addition, the Merger Agreement provides that at the effective time of the Merger, each FGLH stock option and restricted stock unit, whether vested or unvested, will become fully vested and automatically converted into the right to receive a cash payment equal to the product of (A) the number of shares of FGLH stock subject to the award multiplied by (B) \$152.44 (less the exercise price in the case of such FGLH options), and each dividend equivalent held in respect of a share of FGLH stock, whether vested or unvested, will become fully vested and automatically converted into the right to receive a cash payment equal to the amount accrued with respect to such dividend equivalent right. In addition, each of our NEOs is eligible to receive a discretionary success bonus upon completion of the Merger assuming continued employment through such date. For Messrs. Littlefield, Krishnan, Marhoun, Vigneau and O’Shaughnessy these amounts are \$800,000, \$100,000, \$110,000, \$300,000 and \$165,000 respectively.

Outstanding Equity Awards at Fiscal Year-End

In connection with our initial public offering completed in December 2013, we adopted the Omnibus Plan and began sponsorship of various other benefit plans and compensation arrangements for our executive officers. Prior to November 2013, our wholly owned subsidiary, FGLH, sponsored the employee benefit plans and compensation arrangements for our executives under the direction of FGLH's board of directors and compensation committee.

- (1) Amounts reported in this column are included in the Summary Compensation Table in the "Salary" and "Non-Equity Incentive Plan Compensation" columns for fiscal 2016.
- (2) Contributions have not been made by the company after fiscal 2013.
- (3) Amounts reported in this column are not reported as compensation in the Summary Compensation Table.

The Deferred Compensation Plan permits our participating NEOs and certain other employees to elect to defer up to 50% of their base salary and up to 100% of any performance-based non-equity incentive plan compensation. Any deferral elections are made under the Deferred Compensation Plan pursuant to a participation agreement with the NEO. We have eliminated the annual discretionary grant to each active participating NEO effective January 2013. Past employer contributions vest 20% for each year of service and are fully vested after five years of service. Deferred amounts and employer contributions are contributed to individual accounts in the FGLH Executive Deferred Compensation Plan Trust. The participants self-direct the notional investment of deferred contribution accounts in investment funds from a selection made available by our retirement committee.

The vested balance of the deferred compensation accounts will be distributed to each participating NEO upon his or her death, disability or separation from service (including retirement). Participants may elect upon initial enrollment to have accounts distributed upon a change in control event, although none of our NEOs have so elected. In-service hardship and education account withdrawals are permitted under the plan with respect to participant deferrals and employer credits.

Potential Payments upon Termination or Change in Control

Effect of Termination or Change in Control under the Employment Agreements

For a description of the potential payments upon a termination pursuant to the employment agreements with our NEOs, see “Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table – Employment Agreements with Named Executive Officers.”

Effect of Termination or Change in Control on Company Options

Termination of Employment. Under the grant agreements, upon termination of employment for any reason other than for “cause” (as defined in the grant agreements), non-vested options are forfeited, and vested options remain exercisable for up to 30 days. Upon termination of employment for cause, all unexercised options, whether vested or nonvested, are forfeited.

Change in Control. Upon a proposed “change in control” (as defined in the Omnibus Plan), the plan provides that the compensation committee shall take such action as it deems appropriate and equitable to effectuate the purposes of the plan and to protect participants, which action may include, without limitation, any one or more of the following to the extent permitted by Section 409A of the Code: (i) acceleration of vesting; (ii) acceleration or change of the exercise and/or expiration dates of any award to require that settlement be made, if at all, prior to the change in control; (iii) cancellation of any award upon payment to the holder in cash of the fair market value of the stock subject to such award as of the date of (and, to the extent applicable, as established for purposes of) the change in control, less the aggregate exercise price, if any, of the award; and (iv) in any case where equity securities of another entity are proposed to be delivered in exchange for or with respect to stock of the company, arrangements to have such other entity replace the awards granted under the Omnibus Plan with awards with respect to such other securities, with appropriate adjustments in the number of shares subject to, and the exercise prices under, the award.

The grant agreements provide that no cancellation, acceleration, vesting, lapse of restrictions or other payments shall occur in connection with a change in control if the compensation committee determines that the options will be honored or assumed, or materially similar (or more favorable) new awards will be granted, in connection with the change in control. If the compensation committee determines that the options will not be honored or assumed, and materially similar (or more favorable) awards will not be granted, in connection with the change in control, then the outstanding nonvested options shall vest, and all outstanding options shall remain exercisable for 30 days following the change in control, unless the compensation committee decides to cash out the options (based on the current spread) or take other actions permitted by the plan (as described above). If an amount payable would result in imposition of the excise tax under Section 4999 of the Code, then the payment shall be reduced in order to provide the maximum after-tax benefit to the grantee.

Effect of Termination or Change in Control on Company Restricted Stock

Termination of Employment. Under the grant agreements, upon termination of employment for any reason, nonvested restricted stock is forfeited.

Change in Control. Upon a proposed “change in control” (as defined in the Omnibus Plan), the plan provides that the compensation committee shall take such action as it deems appropriate and equitable to effectuate the purposes of the plan and to protect participants, which action may include, without limitation, any one or more of the following to the extent permitted by Section 409A of the Code: (i) acceleration of vesting; (ii) acceleration or change of the exercise and/or expiration dates of any award to require that settlement be made, if at all, prior to the change in control; (iii) cancellation of any award upon payment to the holder in cash of the fair market value of the stock subject to such award as of the date of (and, to the extent applicable, as established for purposes of) the change in control, less the aggregate exercise price, if any, of the award; and (iv) in any case where equity securities of another entity are proposed to be delivered in exchange for or with respect to stock of the company, arrangements to have such other entity replace the awards granted under the Omnibus Plan with awards with respect to such other securities, with appropriate adjustments in the number of shares subject to, and the exercise prices under, the award.

The grant agreements provide that no acceleration of vesting shall occur in connection with a change in control if the compensation committee determines that the restricted stock agreements will be honored or assumed, or materially similar (or more favorable) new awards will be granted, in connection with the change in control. If the compensation committee determines that the restricted stock agreements will not be honored or assumed, and materially similar (or more favorable) awards will not be granted in connection with the change in control, then the outstanding restricted stock shall vest. If an amount payable would result in imposition of the excise tax under Section 4999 of the Code, then the payment shall be reduced in order to provide the maximum after-tax benefit to the grantee.

Effect of Termination or Change in Control on Nonqualified Deferred Compensation

For any participating NEO in our deferred compensation plan, the vested balance of the deferred compensation accounts will be distributed upon death, disability or separation from service, and, if elected upon initial enrollment, upon a change-in-control event. None of our participating NEOs have elected to have vested account balances distributed upon a change-in-control event without a separation from service. For more information on our nonqualified deferred compensation plan, see the narrative description entitled “ – Nonqualified Deferred Compensation.”

2015 Severance Plan

On June 16, 2015, the compensation committee authorized amendments to the company’s severance benefit policies, including the adoption of the Severance Plan. Under the terms of the Severance Plan, Messrs. Krishnan, Marhoun, Vigneau and O’Shaughnessy are eligible to receive severance payments and benefits if, within 12 months following a change in control, (a) the NEO is terminated without “cause” or (b) the NEO’s position is eliminated, the NEO is not offered “comparable employment” and the NEO voluntarily terminates employment as a result. Upon such a qualifying termination of employment, the NEO will generally be eligible to receive: (i) a lump sum payment equal to the sum of (x) 52 weeks of the NEO’s base salary, (y) the NEO’s target annual cash bonus and (z) a pro-rated portion of the NEO’s target annual cash bonus for the year of termination, based on the number of days elapsed in the performance period prior to the date of termination, generally payable in a lump sum within approximately four weeks after the NEO returns a release of claims to the company; and (ii) subsidized health and medical insurance coverage under COBRA for 52 weeks following the date of termination.

The Severance Plan provides that if payments made to Messrs. Krishnan, Marhoun, Vigneau and O’Shaughnessy, whether under the Severance Plan or otherwise, would be subject to the excise tax imposed on “parachute payments” in accordance with Section 280G of the Code, then those payments will be reduced to the extent necessary such that no portion of the payments is subject to the excise tax, but only if the net amount of such payments, as so reduced, is greater than or equal to the net amount of such payments without such reduction.

For purposes of the Severance Plan, “cause” has the meaning set forth in the individual NEO’s employment agreement with the company, under which cause generally means: (i) breach of the executive officer’s obligations under his or her employment agreement; (ii) failure to perform duties in a manner satisfactory to the company, subject to the obligation of the company to provide the executive officer with prior notice providing reasonable detail of the bases for the unsatisfactory performance and an opportunity to correct the performance deficiencies; (iii) engaging in acts of dishonesty or moral turpitude, or any unlawful conduct; or (iv) engaging in conduct that is likely to affect adversely the business and or reputation of the company.

For purposes of the Severance Plan, “comparable employment” generally means: (i) a reduction in base salary by of more than fifteen percent; (ii) a reduction in target annual bonus of more than fifteen percent; and (iii) a relocation of primary worksite, which is more than 50 miles from the primary worksite at the time of the change in control.

Mr. Littlefield is not eligible to participate in the Severance Plan and any payments or benefits that may be provided to him upon a termination of employment will be determined solely in accordance with the terms of his employment agreement, which is discussed above, under “Employment Agreements with Named Executive Officers – Employment Agreement with Christopher J. Littlefield.”

Named Executive Officer Retention Award Agreements

For a description of the treatment of the retention awards entered into with Messrs. Krishnan, Marhoun, Vigneau and O'Shaughnessy in connection with a change in control, see "Employment Agreements with Named Executive Officers – Named Executive Officer Retention Award Agreements." Mr. Littlefield is not a party to a retention agreement.

Potential Payments Table

The following table sets forth the estimated amount of compensation each of our NEOs would receive under the termination or change in control situations, as applicable, discussed above. The table assumes that such termination or change in control event occurred on September 30, 2016. The table excludes (i) amounts accrued through the termination date that would be paid in the normal course of continued employment, such as accrued but unpaid salary, (ii) vested account balances under our 401(k) plan that are generally available to all of our employees and (iii) except as indicated in the footnotes below, any post-employment benefit that is available to all of our employees and does not discriminate in favor of our NEOs. In the case of a change in control situation, we assume that the vesting of all options and restricted stock will be accelerated, even though our compensation committee has the discretion to provide for alternative treatment of the awards upon a change in control.

- (1) Entitlements in this table for each event are as set forth in (i) employment agreements in effect as of the relevant date; (ii) retention agreements entered into with Messrs. Krishnan, Marhoun, Vigneau and O'Shaughnessy; (iii) the Omnibus Plan and FGLH legacy plans; and (iv) participation agreements under the Deferred Compensation Plan.
- (2) Under the terms of the employment agreements with the other NEOs, severance pays out in a lump sum. Amounts payable in this column are subject to the executive executing and not revoking a release of claims against the company. See "Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table – Employment Agreements with Named Executive Officers."

- (3) Amounts in this column include, if provided in an employment agreement with the NEO, a pro rata bonus for the year of termination upon certain types of terminations.
- (4) For certain qualifying terminations and a change-in-control event, (i) the value of stock options is calculated by multiplying the number of vested options (including any unvested options that would accelerate on a qualifying termination or change-in-control event) by the excess of the fair market value of the underlying common stock on September 30, 2016 over the applicable exercise price per share and (ii) the value of restricted stock is calculated based on the fair market value of the underlying common stock on September 30, 2016. On September 30, 2016, the fair market value of a share of our common stock was \$23.19 and the fair market value of a share of FGLH common stock was \$123.76. The following table details the valuations of the outstanding unvested equity awards determined using the fair market value of the applicable stock on September 30, 2016 for qualifying terminations and/or a change in control event, assuming the accelerated vesting of all unvested awards:

<u>Name</u>	<u>Company Stock Options</u>	<u>Company Restricted Stock Awards</u>
Christopher J. Littlefield	37,089	1,188,812
Rajesh Krishnan	29,180	160,127
Eric L. Marhoun	16,416	160,127
Dennis R. Vigneau	—	84,551
John O'Shaughnessy	12,194	118,942

- (5) For any participating NEO, the vested balance of the deferred compensation accounts will be distributed upon death, disability or separation from service.
- (6) Amounts include any accrued vacation as of September 30, 2016, which would be paid out upon a termination. For Messrs. Krishnan, and O'Shaughnessy, this amount also includes payments by us to the insurance provider equal to the amount due for COBRA coverage payments for a period of time equal to the number of weeks of severance payments.
- (7) Our stock incentive plan does not provide for accelerated vesting on death, disability or retirement.
- (8) As of September 30, 2016, none of our NEOs were retirement eligible.
- (9) In the case of a change in control, we assume that the vesting of all options and restricted stock will be accelerated, although our compensation committee has the discretion to provide for alternative treatment of the awards.
- (10) Amounts include severance under our general severance policy, which is available to all of our employees (who are not otherwise party to an employment agreement) and does not discriminate in favor of our NEOs. Our general severance policy is a discretionary policy that provides for a lump sum severance payment equal to two weeks' base salary for each full year of continuous service, with a minimum payment of four weeks' base salary upon an involuntary termination as a result of position elimination or restructuring.

\$75,000	<ul style="list-style-type: none"> • Chairman – \$30,000 • Audit Committee Chair – \$25,000 • Other Committee Chair – \$25,000 • Committee Members – \$15,000 	\$50,000	Reimbursement for out-of-pocket expenses in connection with meetings, board duties, etc.

(1) Represents a one-time cash payment of \$50,000 to be made in lieu of the \$75,000 stock awards made in fiscal 2014, which were subject to a three year vesting period. The cash payments were made in lieu of stock awards because the Anbang Merger Agreement restricts FGL from making further stock issuances. The amount of the cash payment was designed to provide the directors with the same cash value they would have received in stock for service in fiscal 2016 absent the restrictions in the Merger Agreement.

Related Person Transactions

HRG Ownership; Indemnification

As of January 19, 2017, HRG owned approximately 80.5% of our common stock and has two representatives, Joseph S. Steinberg and Omar M. Asali, on our board of directors (the “HRG directors”). The HRG directors are considered related persons in the transactions involving HRG described below as a result of their affiliation with HRG and us. Other than as described below, the HRG directors do not have any direct interest in any of the transactions. In addition, our bylaws provide for the indemnification of our directors, including the HRG directors, to the fullest extent permitted by law against liabilities and expenses incurred in connection with any threatened, pending or completed claim or proceeding, whether brought by or in the right of the company or otherwise, in which a director is involved because he or she is or has been a director. In addition, in July 2015, we entered into Indemnification Agreements with each of our directors, pursuant to which we agreed to provide further indemnification of our directors. Our amended and restated certificate of incorporation provides that we renounce any interest or expectancy in corporate opportunities that are presented to HRG.

Reinsurance Transactions

Effective December 31, 2012, FGL Insurance, a wholly owned subsidiary of the company, entered into a reinsurance treaty with FSRCI, an indirect wholly owned subsidiary of HRG, FGL’s parent, whereby FGL Insurance ceded 10% of its June 30, 2012 in-force annuity block business not already reinsured on a funds withheld basis. Effective September 17, 2014, FGL Insurance entered into a second reinsurance treaty with FSRCI whereby FGL Insurance ceded 30% of any new business of its multi-year guaranteed annuity block of business (“MYGA”) issued effective September 17, 2014 and later on a funds withheld basis. Under the terms of the agreement, no initial

ceding commission was paid as all of the underlying business is new business. The September 17, 2014 treaty was subsequently terminated as to new business effective April 30, 2015, but will remain in effect for policies ceded to FSRCI with an effective date between September 17, 2014 and April 30, 2015. Accordingly, policies issued with an effective date of May 1, 2015 and later will not be ceded to FSRCI.

At September 30, 2016, the company's reinsurance recoverable included \$1,120 million related to FSRCI and funds withheld for reinsurance liabilities included \$1,172 million related to FSRCI.

Below are the operating results ceded to FSRCI for the year ended September 30, 2016 (\$ in millions):

Loan Participations and Debt Financing Agreement

FGL Insurance invested in collateralized loan obligations ("CLO") securities issued by Fortress Credit Opportunities III CLO LP ("FCO III") and also invested in securities issued by Fortress Credit BSL Limited ("Fortress BSL"). The parent of both FCO III and Fortress BSL is Fortress Investment Group LLC, which owns greater than 10% of HRG as of September 30, 2016. In March 2016, Hildene Leveraged Credit, LLC ("HLC") sold four CLOs to Fortress Investment Group LLC. The four Hildene CLOs are now managed by an affiliate of Fortress Investment Group LLC, Fortress Credit Advisors, LLC. As of September 30, 2016, the Company held two of these CLOs at par with a carrying value of \$25 million. In August 2016, FGL purchased \$15 million of a commercial real estate CLO from Fortress Investment Group LLC.

FGL Insurance participates in loans to third parties originated by Salus Capital Partners, LLC ("Salus"), an affiliated, limited liability company indirectly owned by HRG. Salus is also considered a VIE as described in "Note 4. Investments" to the Company's Consolidated Financial Statements. Salus originated senior secured asset-based loans to unaffiliated third-party borrowers. In January 2014, FSRCI acquired preferred equity interests in Salus which have a 10% per annum return and a total par value of \$30 million which is included in the FSRCI funds withheld portfolio. Accordingly all income on this asset is ceded to FSRCI. The Company's maximum exposure to loss as a result of its investments in Salus is limited to the carrying value of the preferred equity interests. The carrying value of these investments in Salus as of September 30, 2016 is disclosed in the table below.

During the year ended September 30, 2015, FGL Insurance entered into a transaction with Salus whereby Salus transferred \$14 million of loan participations and \$16 million of CLO subordinated debt (i.e., equity tranche) to FGL Insurance in exchange for retirement of the \$20 million promissory note and \$10 million revolving loan owed by Salus to FGL Insurance resulting in the termination of these facilities. Additionally, FGL Insurance also entered into a transaction with the Salus CLO whereby FGL insurance transferred \$29 million of loan participations

into the Salus CLO in exchange for \$27 million of Salus CLO subordinated notes (i.e., equity tranche) and a promissory note of \$3 million from Salus. Both transactions qualified as sales of financial assets accounted for at fair value and therefore did not result in any gain or loss. FGL Insurance also concluded that it is not the primary beneficiary of the Salus CLO before and after these two transactions, and as of September 30, 2016 because FGL Insurance lacks the power to direct the activities that significantly affect the economic performance of the Salus CLO and, FGL Insurance continues to own less than a majority ownership of the Salus CLO subordinated notes after the two transactions. In June of 2016, the Salus promissory note was repaid for \$2 million and all obligations under the note were satisfied.

In August of 2015 and October of 2015, FGL entered into separate engagement letters with Credit Suisse and Jefferies, respectively, pursuant to which Credit Suisse and Jefferies agreed (on a non-exclusive basis) to provide financial advisory services to FGL in connection with a transaction involving a merger or other similar transaction with respect to at least a majority of the capital stock of FGL. During the year ended September 30, 2016, Leucadia National Corp's ("Leucadia") ownership interest in HRG's outstanding shares exceeded 10%. Jefferies Group Inc. ("Jefferies") is a wholly owned subsidiary of Leucadia. HRG, the holder of a majority of shares of outstanding common stock of FGL, is also a party to each engagement letter. Under each engagement letter, Credit Suisse and Jefferies, respectively, are entitled to receive a fee which represents a percentage of the value of the transaction, plus reimbursement for all reasonable out-of-pocket expenses incurred by Credit Suisse or Jefferies, as applicable, in connection with their engagement. FGL has also agreed to indemnify Credit Suisse and Jefferies for certain liabilities in connection with their engagement. Under each engagement letter, HRG is required to reimburse FGL for compensation paid by FGL to Credit Suisse or Jefferies under certain circumstances. Specifically, if compensation to Credit Suisse or Jefferies becomes payable in respect of a transaction that involves a disposition of shares of FGL held by HRG (and not other stockholders of FGL), HRG will reimburse FGL for the full amount of such compensation. If compensation to Credit Suisse or Jefferies becomes payable in respect of a transaction that involves a disposition of shares of FGL held by HRG and a disposition of not more than 50% of the shares of FGL held by stockholders of FGL other than HRG, HRG will reimburse FGL for its pro rata portion of such compensation (based on its relative number of shares compared to those held by stockholders of FGL other than HRG).

In 2016, HGI Energy Holdings, LLC ("HGI Energy") disposed of a significant portion of its assets and HRG used this asset disposal to recapitalize HGI Energy by contributing \$110 million to HGI Energy. HGI Energy used these funds to purchase \$110 million of Spectrum Brands Holdings, Inc. public common stock from another HRG affiliate, HGI Funding, LLC. Concurrent with the asset sale and recapitalization of HGI Energy, FGL Insurance exchanged the notes issued by HGI Energy in 2013 (the "Old Notes") with a par value and fair value of \$78 million and \$72 million, respectively, for new notes issued by HGI Energy (the "New Notes") with a par value and fair value of \$72 million, respectively. As a result of these transactions, FGL Insurance reflected a change of intent with respect to the Old Notes and recognized an impairment loss of \$6 million. Old Notes with a par value of \$28 million and a fair value of \$26 million were held in the FSRCI funds withheld portfolio; accordingly \$2 million of the impairment loss was ceded to FSRCI. Concurrent with the exchange of Old Notes for the New Notes, FGL Insurance transferred, at fair value, the New Notes held in its general account to the FSRCI funds withheld portfolio in exchange for \$46 million cash.

The company's related party investments as of September 30, 2016 and related net investment income for fiscal 2016 are summarized as follows (\$ in millions):

Type	Balance Sheet Classification	September 30, 2016		
		Asset carrying value	Accrued Investment Income	Total carrying value
Salus CLOs	Fixed Maturities, available for sale	\$ 19	\$ —	\$ 19
Fortress Investment Group CLOs	Fixed Maturities, available for sale	225	2	227
Salus preferred equity(a)	Equity securities, available for sale	3	—	3
Salus participations (b)	Other Invested Assets	21	—	21
HGI energy loan (c)	Related Party Loans	71	1	71
Salus 2012 participations	Related Party Loans	4	—	4

- (a) Salus preferred equity is included in the FSRCI funds withheld portfolio, accordingly all income on this asset is ceded to FSRCI.
(b) Includes loan participations with four different borrowers with an average loan fair value of \$5 as of September 30, 2016.
(c) The total HFI energy loan is included in the FSRCI funds withheld portfolio, accordingly the income related to this portion is ceded to FSRCI.

Investment Management Agreements

During fiscal 2016, the company had investment management agreements with Salus, CorAmerica Capital, LLC, and Energy & Infrastructure Capital, LLC ("EIC"), all indirect subsidiaries of HGI Asset Management Holdings, LLC, which is also a wholly owned subsidiary of HRG. The agreement for EIC was terminated in July 2016, and CorAmerica is no longer a wholly owned subsidiary of HGI Asset Management Holdings. The company paid management fees to these entities for the services provided under these agreements, which are usual and customary for these types of services. During fiscal 2016, the company paid Salus, CorAmerica Capital, LLC and EIC \$371,624, \$2,512,749 and \$251,523 respectively.

Tax Sharing Arrangement

FGL's non-life subsidiaries file as part of HRG's consolidated U.S. Federal income tax return. FGL's insurance company subsidiaries file their own consolidated U.S. Federal life insurance tax return and are not eligible to join the consolidated HRG return until January 1, 2017. The income tax liabilities of the FGL members of the consolidated HRG return are calculated using the separate return method with any payable or receivable reflecting an amount they would have recorded had they filed their own return.
